University of Toronto
Friday January 16, 1976
No. 20 29th Year

"Innis College has departed from tradition in almost every undertaking", commented Dr. John Evans during the official opening ceremonies for the College's permanent building, and the unorthodox parade which began the festivities on Friday, Jan. 9, was certainly no exception to that rule. About 150 students, staff and alumni, accompanied by members of the Lady Godiva Marching Band, took over the sidewalks of St. George St. as they marched the two blocks from the College's temporary location to the new site at the corner of St. George St. and Sussex Ave. Many of the marchers carried a piece or two of light office furniture, symbolizing the Kitchen Sink Fund by which the Innis community hopes to defray the costs of furnishing its new \$1.8 million home.

Lieutenant-Governor Pauline McGibbon joined members of the Innis family and more than 400 guests for the cutting of a ceremonial shoe-string, followed by brief welcoming speeches and finally refreshments in the crowded College pub.

Additional coverage of the Innis College opening will appear in the next issue of the Bulletin.

Calling for GC alumni candidates

Mrs. E. Helen Pearce, (Vic. '57), chairman of the College of Electors, has issued a call for nominations for alumni candidates for the Governing Council. The expiring alumni seats are now held by Keith C. Hendrick (Eng. '47), and James H. Joyce (B. Com. U.C. '34) both of whom are eligible for nomination again.

Mrs. Pearce stressed the need to meet all provisions of the election check list below. She said the response of alumni last March was excellent but she hoped for even better results this time. The deadline for nominations is 12 noon, Friday, Feb. 20, 1976.

The College of Electors, which numbers approximately 50 and represents constituent associations of the University of Toronto Alumni Association under a modified form of "rep-by-pop", is charged with the responsibility of electing two alumni candidates in the spring to serve terms commencing July 1, 1976 and expiring June 30, 1979.

The University of Toronto Act,

1971 defines alumni as "persons who have received degrees, diplomas or certificates from the University, a federated University or a federated or affiliated college and the persons who have completed one year of full-time studies towards such a degree, diploma or certificate and are no longer registered."

General Information

A candidate must be an alumnus of the University and must not be a member of the academic staff, the administrative staff or a student in the University.

The candidate must be willing to attend frequent meetings of the Governing Council and its committees.

The candidate must be a Canadian citizen.

The candidate or his or her nominators must send the following information to the Secretary, College of Electors, Room 106, Simcoe Hall, University of Toronto, Toronto M5S 1A1, to be

4. A biographical sketch of the candidate which should include the following information:

Director being sought for city child study

A search committee has been established by President J.R. Evans to nominate the director for a large-scale research program entitled *The Child in the City*. The research is concerned with those environmental factors affecting the well-being of children in a rapidly changing urban setting. The program is a joint undertaking of the University and the Hospital for Sick Children Foundation. The Foundation has already granted substantial funding for a minimum of three years, with a renewal option for a second three year period.

The program director would assume full responsibility for initiating, co-ordinating and participating in a multi-disciplinary research effort. The relevant areas of research specialization are research on topics of behavioural science, child development, design, educational and social services, environmental studies, legal and institutional bases of urban life, community medicine, planning and social sciences and urban studies generally.

For someone seeking a challenge the opportunity is a unique one: to devise and carry out an extensive research program, with considerable freedom of action and a relatively long time horizon, on topics of current intellectual interest and increasing social concern. The director would work with an advisory committee and would be responsible to the President of the University.

Further details on the proposed program can be obtained by writing to the Chairman of the Advisory Committee at the address given below.

Experience: Extensive research background with experience in project management and expertise in at least one of the substantive areas of research.

Starting date: As soon as possible, but not later than July 1, 1976.

Salary: Commensurate with senior rank and experience.

Appointments: Formal appointment to appropriate divisions of the University open to negotiation.

Applications: Nominations, letters of interest, and a curriculum vitae, should be submitted to the Chairman, Advisory Committee, The Child in the City Research Program, Centre for Urban and Community Studies, 150 St. George St.

Where to see the Ombudsman

The Office of the University Ombudsman has found a new temporary location in Room 115, Simcoe Hall. The office will be located there until permanent accommodation at 16 Hart House Circle is available, probably in May or June. The Ombudsman's telephone number, 928-4874, remains unchanged.

As before, members of the University at the Erindale and Scarborough campuses may, if they wish, arrange to meet with the Ombudsman on their respective campuses.

The election shall be by mailed ballot, and information regarding balloting procedures will be published at a later date.

AUTHORITY FOR CONDUCT OF ELECTION

The election is conducted by the Governing Council under the authority of the University of Toronto Act, 1971.

In the event of any conflicts between these guidelines and the provisions of the University of Toronto Act, 1971, the provisions of the Act prevail.

These guidelines have with respect to the election of members from the University's staff and students only.

The Election Advisory Committee of the Governing Council shall appoint a Chief Returning Officer who shall be responsible for the interpretation and implementation of these guidelines.

The Chief Returning Officer shall rule upon the validity of nominations, voter eligibility, and verification and tabulation of returns, assisted by such legal counsel or Election Advisory Committee advice as he may wish

to employ. His decisions, when concerned with technical matters, shall be final.

The Chief Returning Officer may prescribe forms for use in connection with the election which may contain instructional notes and informational requirements in addition to those set out in these guidelines, so long as they are not inconsistent herewith, or with procedures used in the previous Governing Council Election.

In matters of procedure not provided for in these guidelines, the procedure shall be regulated by an analogy to the procedures that were employed in the previous Governing Council Election, or, if no analogy exists, as the Chief Returning Officer directs.

A majority of the election overseers shall constitute a quorum for the consideration of any such objection, appeal or other matter of contention, and the decision of the overseers who undertake such consideration, or a majority of them, shall be final and not subject to any further review or appeal.

Nominations for *graduate student* seats must contain the signatures of 15 nominators, each indicating their printed full name and student number.

Nominations for *full-time undergraduate student* seats must contain the signatures of 50 nominators, each indicating their printed full name and student number.

Nominations for *administrative staff* seats must contain the signatures of 20 nominators, each indicating their printed full name and department or office.

Citizenship

Any person nominated as a candidate must be a Canadian citizen at the time of nomination if his candidacy is to be acceptable. Documentary evidence of Canadian citizenship must be presented with each nomination form for examination in the Governing Council Secretariat.

Any one of the following will be considered acceptable evidence of citizenship: certificate of birth in Canada; certificate of citizenship; certificate of naturalization; Canadian certificate of registration of birth abroad; certificate of retention of Canadian citizenship; valid Canadian passport. Photocopies will be deemed sufficient for this purpose. Failing such documentary evidence, a notarized statement to the effect that the nominee is a Canadian citizen must accompany the nomination form. The Governing Council Secretariat will make available such statements for signature and, if requested a sufficient time in advance, will arrange for their notarization.

Candidate's statements

Candidates are primarily responsible for their own publicity. However, nominees may submit, on nomination forms, two biographical statements or other comments, up to a limit of 75 words each. Statements must be typewritten or clearly printed to be acceptable. The candidate's name will not be counted in the "word" total if placed at the beginning of the statement. Acronyms will be counted as one word. This word limit is not a guide, but an exact limit. Such statements are voluntary and will be made available to others through the campus media and accompanying allotments, unless a second statement is provided, in which case the second statement will accompany ballots, and the first statement will be distributed through campus media. Statements will not be published or distributed in the opinion of the Secretary of the Governing Council, in consultation with the Election Advisory Committee, assisted by such legal counsel as he may wish to employ, they would render the University liable to a suit for libel. The decision of the Secretary in such instances shall be final. Candidates' statements may not be altered or amended after the close of nominations.

Candidate's telephone number

The home and business and/or University telephone number of the candidate must be on the nomination form. The absence of a telephone number or alternative means of communication with the candidate may be grounds for the technical invalidation of the nomination.

Candidate's signature

Nomination papers must be signed by the candidate. The signature of the candidate in the nomination form signifies his willingness to stand as a candidate, his possession of Canadian citizenship and his approval of the candidate's statements, if any, made on the form.

Verification listings

Copies of the lists for students and staff used to verify nominations for election to the Governing Council will be available for viewing by prospective candidates or single representatives authorized by them in writing.

These lists will be available shortly after the nomination period opens, and may be seen in the Governing Council Secretariat, Room 106, Simcoe Hall from 9 a.m. to 4:45 p.m. Monday through Friday.

This information is being made available in order that a candidate may have the opportunity to pre-check the information given by nominators before filing the nomination forms with the Secretariat for verification. The candidate should not make any alterations to the signatures or names of nominators, but should either have the nominators correct the information themselves, or obtain signatures from additional nominators with information as required.

Since only one list per constituency will be available, candidates are asked not to mark the lists in any way. Candidates should also find it advisable to complete the nomination forms early, so that they may have sufficient time to utilize these lists.

Verification process

Those nominations which have been received by Friday, Jan. 30, at 12 noon will be subject to a verification process. The eligibility of nominators will be verified as follows:

Teaching staff constituency IA - printed full name and department against staff records in the federated universities.

All other teaching staff constituencies - printed full name and department against Personnel Department records.

All student constituencies - printed full name and student number against records of the Office of Statistics and Records.

Administrative staff constituency - printed full name and department or office against records of the Personnel Department and staff records in the federated universities.

Certification of nomination

If the candidate is eligible for election in the constituency for which he is nominated, and the nomination form contains the minimum number of verified nominators, it will be certified as a correct nomination form by the Chief Returning Officer. Once a nomination has been certified as correct, following the close of nominations, no alteration of the nomination or appeal on other grounds is permitted.

Announcement of irregular nominations

On Monday, Feb. 9 at 12 noon, the names of candidates whose papers are found to contain some error or irregularity, and whose papers have not been otherwise corrected before the close of nominations, will be announced publicly by a written statement made available at the Governing Council Secretariat.

The candidate or his authorized representative must correct the papers himself.

Deadline for filing of corrected papers

On Tuesday, Feb. 10, those individuals whose papers for nomination were found in some way to be irregular or in error will be permitted to re-file corrected papers. Any corrected nominations filed after 5 p.m. on that day will be void. No new candidates may file for election during this period; only individuals who filed papers during the regular nomination period may have this privilege.

Technical invalidation

Despite the existence of the correction procedure, papers which are obviously in error or on their face are not appropriately verifiable will be automatically invalidated on technical grounds by the Chief Returning Officer. Such a decision will be final and there will be no opportunity to correct the papers under the foregoing procedure which will not apply.

Candidates may, therefore, not knowingly file incorrect papers in order to use the correction period as an extension of the regular nomination period. Consequently, wherever possible, errors in student numbers or other information must be corrected, in preference to the collection of new signatures to obtain the minimum number of correct nominators' signatures. This correction period is designed only to facilitate the correction of minor human error on nominations otherwise made in good faith.

Announcement of candidates for office

On Thursday, Feb. 12 at 12 noon, the names of all individuals who have presented acceptable nomination papers, whether at the close of the regular nomination period or the correction period, will be announced as candidates for office.

Filing of notice to appeal decision

Those whose papers were found still to be in error may file by 5 p.m. on Thursday, Feb. 12 at the Governing Council Secretariat, notice of intention to appeal this decision before the Governing Council overseers, unless the error was declared to be technical in nature by the Chief Returning Officer in which case there shall be no appeal.

Appeals

Insufficient time for the correction of nominations will not be considered legitimate grounds for appeal. Appeals will be completed by 5 p.m., Friday, Feb. 13. The decision of the Governing Council overseers is final and no appeals will be permitted.

Announcement of additional candidates

The names of those who have successfully appealed the nomination procedure and are consequently additional

nominal candidates for office will be announced Monday, Feb. 23 at 12 noon.

Names of candidates

The names of candidates nominated for election will be considered public information as they are received. The names of nominators will not be released by the Chief Returning Officer except to a candidate or his authorized representative during the correction period.

Withdrawal of nomination

A person nominated as a candidate in the election may withdraw his nomination by notarized instrument in writing received by the Governing Council Secretariat within 24 hours after the close of the correction period. The Governing Council Secretariat will make available such statements for signature, and, if requested a sufficient time in advance, will arrange for their notarization.

Posters

Regulations issued by the Physical Plant Department with regard to the placement of posters are available at the Governing Council Secretariat for the use of candidates.

Scrutineering

Each candidate for election may in writing appoint a scrutineer for the tabulation of returns in his constituency, and such scrutineers may also check the completed verification of ballot returns prior to tabulation.

Equality of votes

In the case of equality of votes for a greater number of candidates than there are vacancies to be filled in any constituency, the successful candidate or candidates shall be determined by lottery conducted by the Chief Returning Officer.

Election expenses

Candidate campaign expenses will be refunded up to a limit of \$50 on production of bona fide receipts within 14 days of the close of election, subject to the following restrictions:

- (i) If in any single-seat constituency more than five candidates run for election, the campaign expense refund provision will apply only to those candidates who obtain at least 20 percent of the vote obtained by the successful candidate.
- (ii) If in any multiple-seat constituency more than five candidates per seat run for election, the campaign expense refund provision will apply only to those candidates who obtain at least 20 percent of the votes obtained by the candidate elected with the least number of votes.

Irregularities

An irregularity which does not or is not reasonably likely to affect the outcome of the election shall not invalidate the election.

Announcement of results

The number of votes received by each candidate will be announced, as will the number of spoiled ballots received.

Retention and disposal of ballots and return envelopes

All ballots received, and all return envelopes, will be held in security by the Governing Council Secretariat for a period of twenty-one days after the announcement of election results. If authorized by the Governing Council overseers, a recount will be conducted on the written request of any candidate in that constituency, within a period of fourteen days after the announcement of election results.

Resignation for ineligibility

A successful candidate must resign his seat at any time he ceases to meet the eligibility requirements for that seat.

DUTIES OF THE GOVERNING COUNCIL

The University of Toronto Act, 1971, vests in the Governing Council the government, management and control of the University and of University College, and property, revenues, business and affairs thereof, and the powers and duties of the former Board of Governors and Senate of the University.

Committees

In view of the size and complexity of the University and the extensive duties of the Governing Council, it has delegated many of its review powers to working committees. In addition to an Executive Committee, the Council has established an Academic Affairs Committee, a Business Affairs Committee, an External Affairs Committee, an Internal Affairs Committee and a Planning and Resources Committee. Members of Council normally sit on at least one of these committees.
